

Ambiente Cork floor

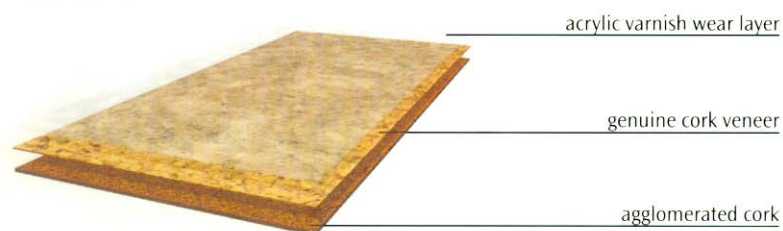

- A wonderful floor to walk on - kind to your feet and legs
- Kind to your ears too. Ambiente reduces impact sound by 13db giving a wonderful ambience of peace and quiet.
- Cork feels warm and pleasant by insulating from cold and heat.

- As well as a Natural cork, there are 7 fashionable, transparent colours which allow the beauty of cork to show through the surface, enabling easy co-ordination with interior furnishings.
- Larger tiles - 600 x 300mm for faster installation.
- Satin sheen sealed surface is ideal for domestic situations. Extra coats of varnish can be applied to increase wearability.
- Ideal for all rooms in the house including bathrooms, kitchens, bedrooms, playrooms, studies etc
- Easy to install by DIY handy persons.

Ambiente

Ambiente cork tiles are made from high grade cork in an ISO9001 factory in Portugal. Tiles conform to required European standards.

Installation

- We recommend solid-setting adhesives such as Siesta CorcaBond, Balls F52 and Laybond 48 Extra.
- Adhesives are applied to the sub-floor and tiles laid into adhesive while it is still wet.
- Use V notch trowels 2.4mm x 4.8mm to apply adhesive.
- Full fixing instructions are given with every order.

Maintenance

- Vacuum clean and then damp mop or cloth. Floor dressings for use on cork will give added protection.
- Additional coats of varnish eg Bonakemi Cork will increase wearability and degree of gloss/matt finish required.
